Guyver Advocacy

To oppose Draglord, Sho unleashed the hidden power to turn into the giant biobooster, "Gigantic Exceed". Fighting over the skyscrapers, the Exceed's power overwhelms the Draglord. Kabral, once again absorbs the thousands of Zoanoids on the streets, and developing wings changes into his final form.
Draglord hovering high over the night sky, converted the upper half of his body into a super giant cannon: "Wales Purgatorium".
Intending to incinerate Exceed along with the streets of Shinjuku, Sho retaliates with his super weapon "Gravity Implosion", releasing a terrifying power, instantly destroying Draglord's body. The battle seems to be over, but Kabral, sensing danger, escaped, hiding his body within a bio missile and survives. However, before him stands Aptom, using the power of Hayami to create his new form "Omega Blast".

Chapter 161
New Bio-booster

Cast of characters

Sho Fukamachi

Currently the greatest enemy of the controlled world, the hero who opposes Chronos. Bio-boosting into Guyver I, with the power of the Gigantic he fights evil.

Agito Makishima

Bio-boosted as Guyver III. A candidate for the next management of Chronos. To fulfil his own ambition he rebelled. Organized "Zeus' Thunderbolt", the resistance in America.

Mizuki Segawa

Childhood friend of Sho. First had a crush on Agito, but seeing Sho enduring a harsh situation, fell in love with him. She is the heart of Sho.

Archanfel

Chronos supreme commander. Behind his deceptively youthful appearance he is the original Zoalord who has lived thousands of years in the time of the "Uranus". An isolated "Super Ruler" with terrifying powers hidden in his body.

Tetsuro Segawa

Mizuki's sibling, and a brother figure to Sho. Being involved from the very beginning, learns about the inner workings of Cronos. Supports Sho with his technical knowhow.

Imakarum Mirabilis

The 13th Zoalord. Received the Zoa Crystal of Guyot, and was reborn from Masaki Murakami into the subordinate of Archanfel

Aptom

As a result of numerous re-processing, has evolved differently from a Zoanoid into a unique "Battle Creature". Not able to receive the mental commands of a Zoalord, moves with an agenda of his own.

Edward Carleon

One of the Higher Managers of "Cronos' 12 Holy Commanders". A white young Nobleman, but his true age is unknown. Concealing himself in the "Imaginary Domain", he controls a splitting image of his real body's battle capability.

Asou Keisuke

Camera man of a photography publication. When his junior in college Murakami appeared as a Zoalord, he questions the way Chronos rules, chasing after the mystery of Guyver.

Hamical Balcus

Oldest of the 12 Holy Commanders and highest authority in Zoanoid processing. Also had a hand in processing the other members of the Zoalord Cabal. A strange old man that controls Zoanoids with his strong psychic wave.

Tokiwadaira Tamotsu

Assistant of Asou and an inexperienced camera man. Is naive towards other people, and always shooting his mouth off, irritating Asou.

Shin R Amniculus

One of the Higher Manager of "Cronos' 12 Holy Commanders". Control Japan Branch in place of his dead friend Purgstall. Has true loyalty to the supreme commander Archanfel.

Archanfel....

In the ancient past...

The Advent people who saw humans as a dangerous failed experiment,

They tried to "Delete" the laboratory, the Earth itself.

Archanfel was injured in protecting the Earth.

He rebelled against his creators.

After that, for thousands of years he lied here in a deep sleep.

Awakening him.

400 years ago Hamilcal Balcus arrived at this island,

Although ...

It was because of the serious damage his body received from the attack of the Advent people.

Even after the revival, Archanfel still must return to his sleep.

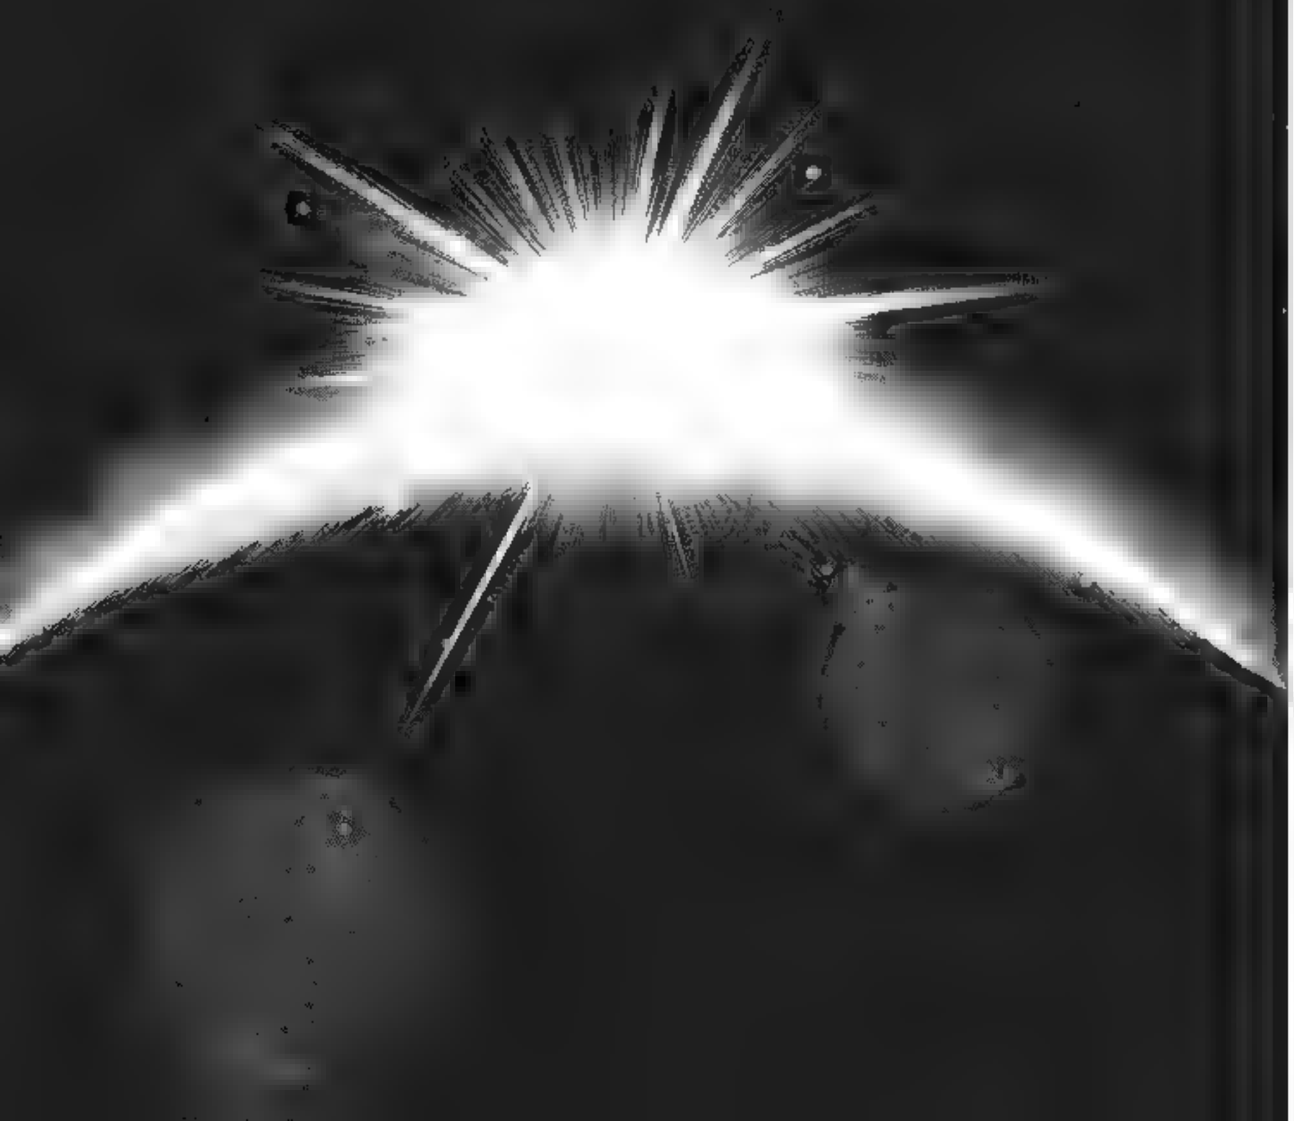
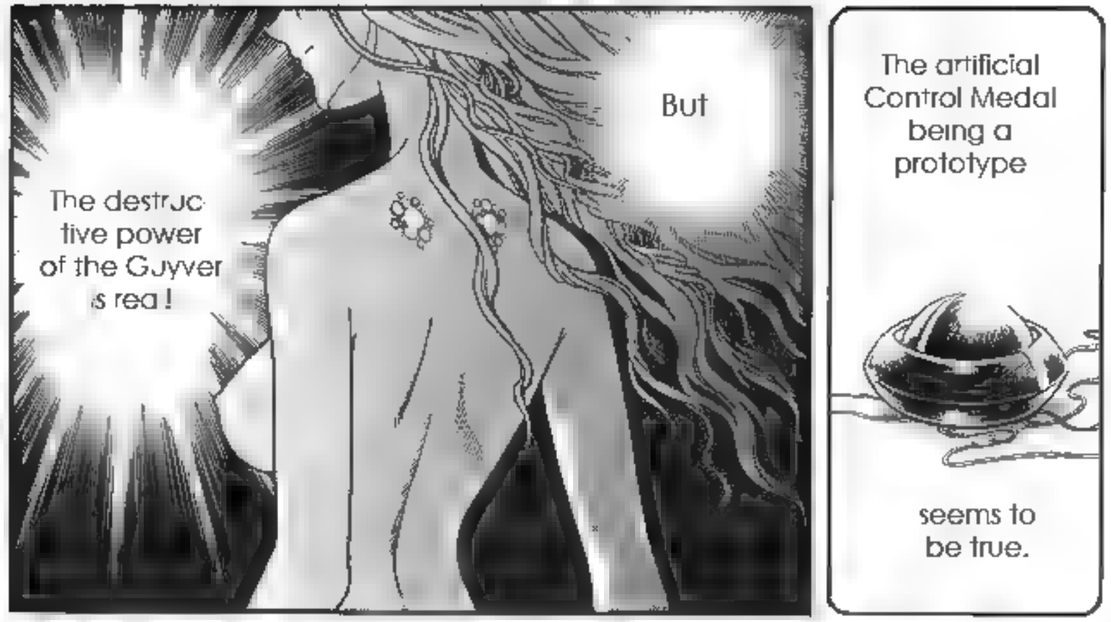
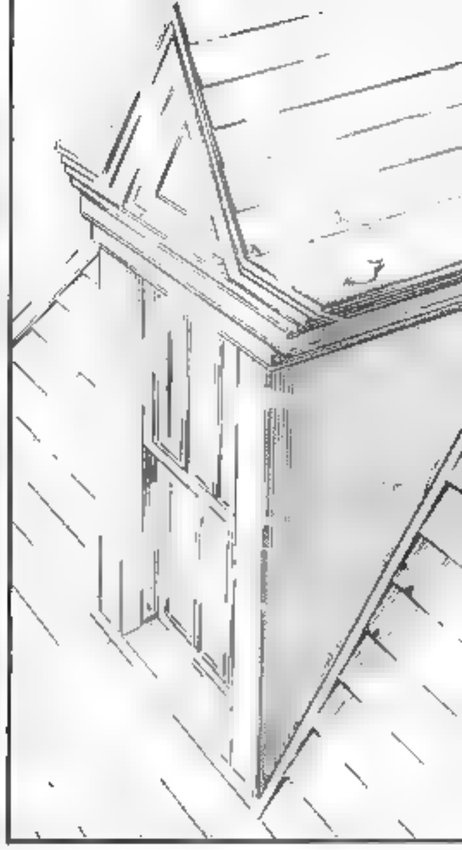
Chapter 163
Pride and Responsibility

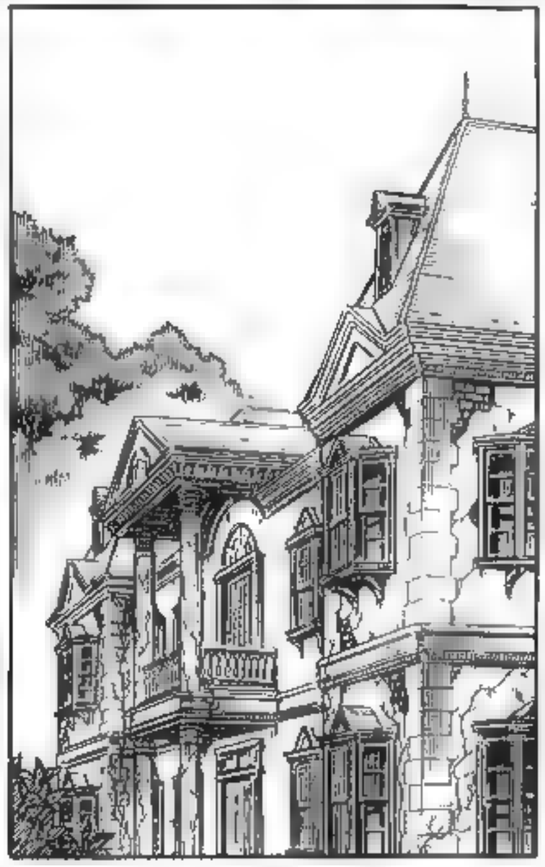




Setagaya, Tokyo



3 months have passed since the "death match" in Shinjuku.



The fight of the giantized Gigantic (officially announced as "Gigantic Exceed") and Draglord Kabral which left the streets of Shinjuku in tragic ruin..

The prospect of reconstruction has not yet started

Guyver Advocacy

The damage Cloud Gate.... or Cronos Japan Branch control bureau received

Was more serious than imagined.

The members of Cloud Gate, those who were 'processed',

were fused on a cellular level into Kabral's "Giant Beast Form"

As a result of these events their forces were severely depleted

Currently, agents assigned to guard Cloud gate and the neighbourhood of Shinjuku .

Are composed of personnel temporarily d spatched from the American Branch

Their pres- ence in the ruined scenery of the city centre..

Like they are an "occupation army"!

...gives a cold impression to the citizens.

witnessed the batt e of a red giant and an ominous giant beast

That night, many peop e

And the giant risked his life to stop that .

The g ant beast burned the streets

In order for Kabra's "Psychic Wave Order" to infiJence the processed. .

Com pound ng the prob- lem,

was Kabral's G'ant Beast Form

This secret was hidden by the contro bureau who would not al ow it to go public.

Absolute obedi ence to a Zoalord is etched in the Zoanoid's gene..

But the mistrust that citizens feel

... cannot be dismissed that easily

Of course the contro bureau reported the phenomena as "mind control of invading aliens".

SFX Zaza

You're sure you weren't seen?

Yo.

Ah, positive

This house has the outward appearance of being empty

Sorry.

You're pretty precautious.

That we hide here.

It's because we're all "Wanted men"

the lack of total control the Bureau has.

Information is spreading across the net

.the incident has already shown the public

Already

in the shadow of the citizens' changing consciousness .

Perhaps it was the activities of an anonymous journalist...

Welcome to
the
"Guyver
Base"

mmedi ately fol lowing the Giant Batt e in Shinjuku

I met these two.

Tokiwad aira Tamotsu

Aso Keisuke.

In order to reveal the truth, they are gather ing proof

They are camera men,

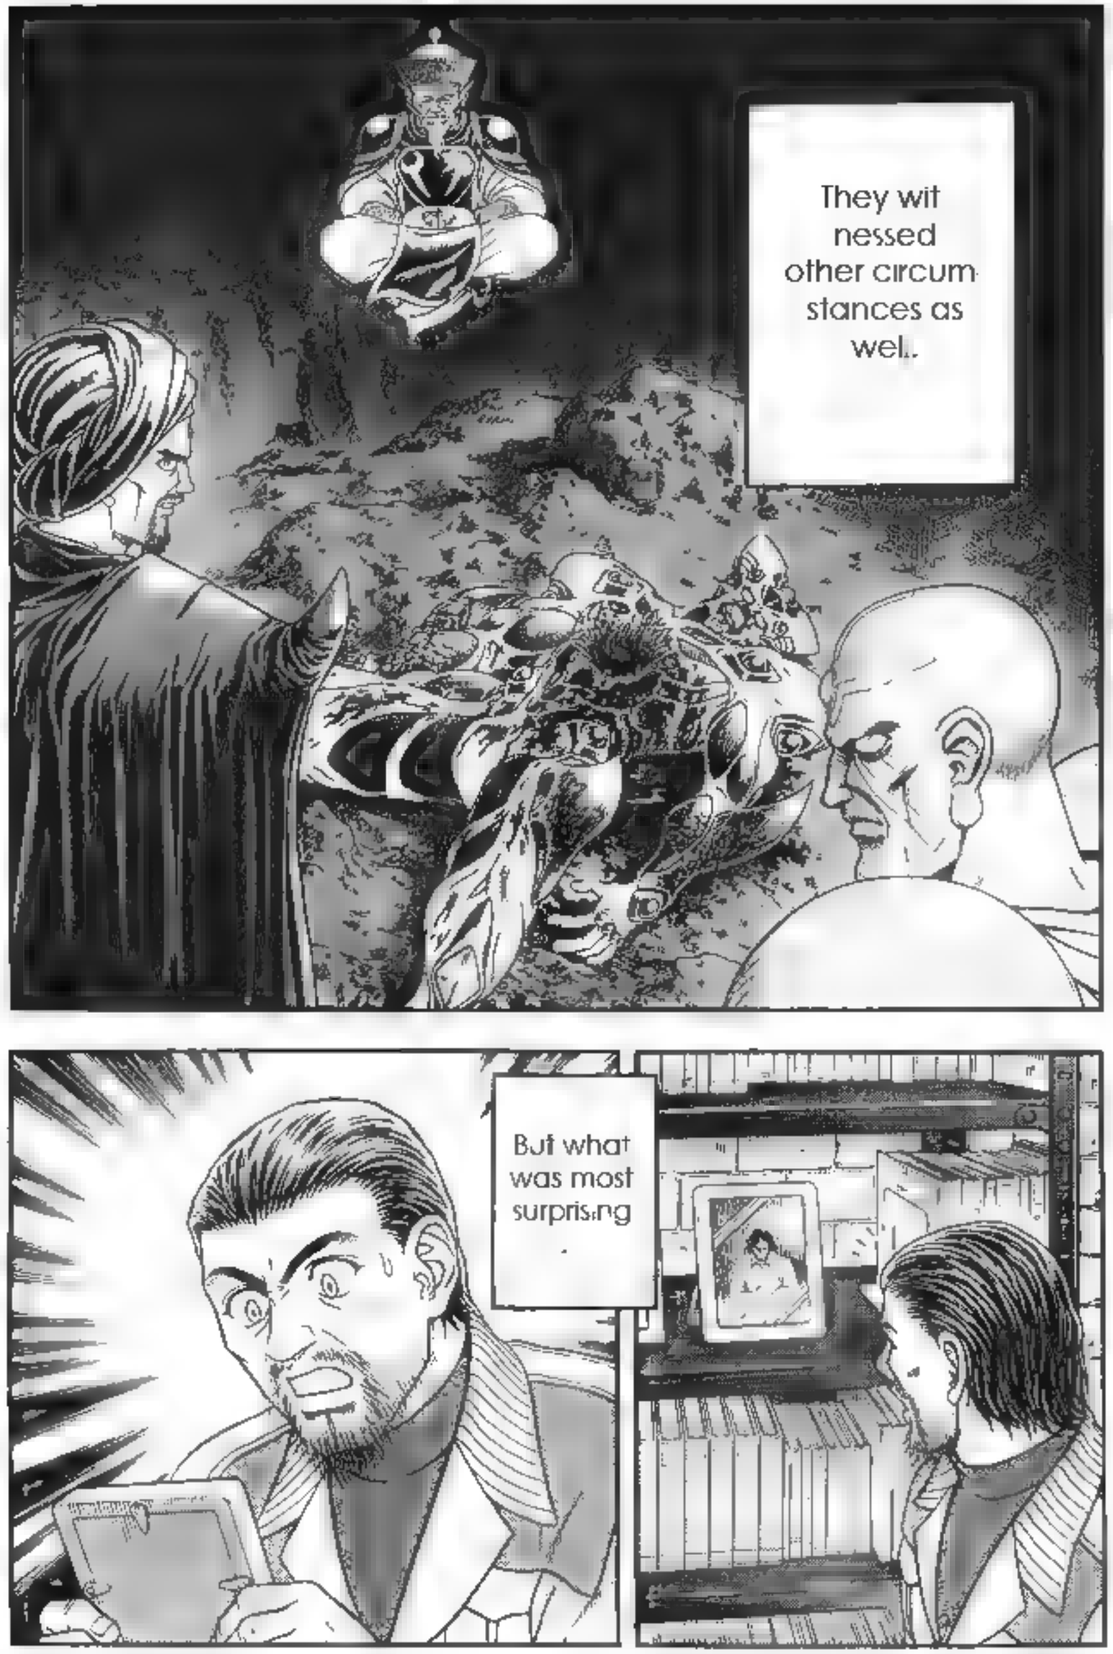
from a photo magazine.

Being careful n their move ments

They have been inter ested n "Guyver , the enemy of Cronos

They were present in the incredible incident of the "lightening attack" during the fight with Purgstall

A fight no one knows about, but us



They wit nessed other circum stances as well.
But what was most surprising

Aso knows about Mr. Murakami!
Even after graduation their friend ship was deep
The two of them were seniors and juniors during college.
He returned to Japan 3 years ago. .
Why didn't he say a word to me?
That bastard ..
. with his fight with Cronos.
Maybe he didn't want you to get involved...

I'm not a fool!!

I know that!

. . I don't think that's the who e reason.

Ah . sorry

Bad habit.

A Zoalord's prototype.

He has a body that can't live long.

He d dn t want Aso to know

that he himself had been turned into a "Proto Zoalord".

Mr Murakami burned out his life

fighting with Cronos.

And then he died at the hands

of a comp ete Zoa ord, h s name was "Guyot" ...

.....

And this time as an enemy

But he appeared
n front of you again

That's right.

Becoming one of the highest managers of the "12 holy commanders", makarum Mrab'lis
Replacing Guyot, he became the 13th Zoalord

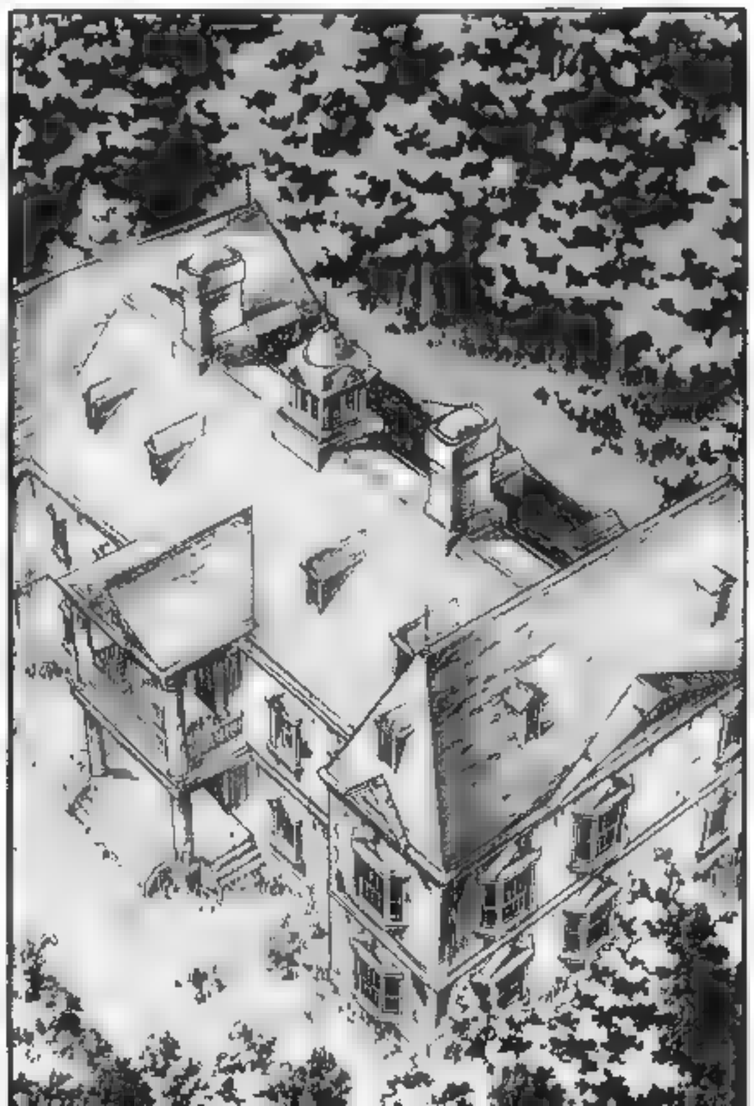
It was like he was another person.
Although he remembers us .

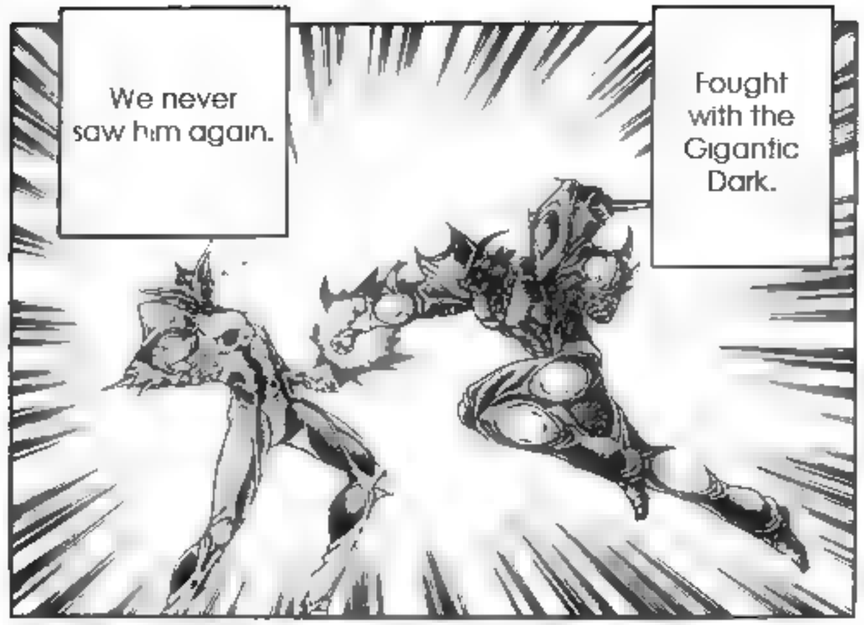
After seeing it,
I was strongly concerned with the backgrounds of the "12 holy commanders"

This is a photo
I managed to take at the time.

Kill.
!!
Will you kill him?

Sho,
what are you fighting for?





We never saw him again.
Fought with the Gigantic Dark.
After that, Mr Murakami...

Then .

Even now we don't know if he s still alive or not

.. I wil fight

If he were once again to confront you
as an enemy what do you plan to do?

Will you still fight, knowing you're the enemy of the human race?

Sho Fukamachi...

The result of that is border disputes having been annihilated

After the "subjugation", the world was united under the control of Cronos

Eh ..?

What are you trying to say?

In other words, humans right now are enjoying the most peaceful period in recorded history

You become an enemy to the whole world

If you fight against Cronos

That is why..

Eh. . about what?
That is why I have to be certain

Sho Fukamachi's
level of determination

I wi l continue to fight.
Aso .

Why d d you say such a thing to Sho?
Sempai, what are you doing?

Why are you so upset?

Please don't mock me!
P .

Because of Cronos, the world has become like this
I've already told you.

All this respon sibi ity rests on an ordinary young teen ager
Guyver becoming the Gigan tic...
... And now a 50 meter tall 'Exceed" Giant

And at the expense of the citizens being con trolled. .
Because this peace isn't rea..

The price is too high!

Isn't it a giant that stands more than 50 meters tall?
